

Caregivers Support Group

for the spouse/partner or parent of someone diagnosed with Huntington Disease (HD)

Hosted by PACE Independent Living and facilitated by the Huntington Society of Canada's Social Worker (for Toronto and York Region), this session is an opportunity to meet and share with others experiencing life with a family member that has HD. The intent of the afternoon is to offer a safe and confidential setting to break the isolation and stimulate shared learning for the "caregiver". This session is only open to spouses/partners and non-affected parents of an individual who has Huntington Disease or the HD gene.

When:

1:00 - 2:30 p.m.
Monday, February 5, 2018

Where:

The Paula Cassin Learning Centre
Meeting Room (2nd floor, stairs only access-entrance doorbell on main level of building
entrance facing parking lot)
Unit #1-300 New Toronto Street
Toronto, ON
