

Staff Appreciation 2025

Today is Attendant Services Day

Each year, as part of Community Support Month in Ontario, PACE celebrates Attendant Services Day.

Every member of the PACE team plays a crucial role in helping us fulfill our mission of delivering specialized support services to our clients every day. Whether you're working directly with clients or supporting behind the scenes, your dedication and impact do not go unnoticed.

Thank you for your unwavering commitment to making a difference in the lives of others and for helping to ensure that individuals with disabilities and neurological conditions thrive in their communities.

Over the course of this week, each PACE team member will receive a token of appreciation to mark this celebration.

Please also take a moment to celebrate with and express appreciation to the team members you work with this week.
